

Division Capabilities

Facilities and Asset Maintenance

ABOUT THE DIVISION

The MIPEC Facilities and Asset Maintenance (FAM) division is committed to safe, cost-effective maintenance solutions. Known for producing high quality work and maintaining a clear customer focus, the FAM division maximises asset yields throughout their service life.

Clients enjoy safe maintenance solutions, attention to detail that is second to none and innovations that reduce life cycle costs, ensuring the best possible return on investments.

By maintaining an in-house MIPEC Management System (MMS), high quality services, products and safety standards are consistently achieved.

The MMS is DNV accredited to the following:

- ISO 9001
- ISO 18001
- ISO 14001
- AS/NZS 4801

MIPEC is accredited by the Federal Government's OFSC (no. 0399), and has been recently rated by the independent Oil and Gas accreditation agency "Achilles" as being one of the top performing systems within the industry.
